

# Mathematical Maelström

4

A	B		C	D		E	F	
			G		H			
I					J			K
			L	M				
N		O			P			
				Q			R	
S	T		U		V			
			W	X				
Y				Z				

Use the clues provided to solve the number puzzle. "Across" and "Down" are not specified as each letter only corresponds to one answer. No number begins with zero. A calculator could come in handy!

$C = 2A$                        $J = H^3$                        $R = 7T$

$E = 2W - F$                        $K = 6U$                        $S = 7N$

$F = H + T$                        $M = 8Q$                        $V = L^2$

$G = D + F$                        $O = 9B$                        $W = 8X$

$G = 3Y$                        $P = U^4$                        $Z = 3O$

$I = 3E$
